SOCAN (the Society of Composers, Authors and Music Publishers of Canada) is a not-for-profit organization that represents the Canadian performing rights of millions of Canadian and international music creators and publishers. SOCAN operates in accordance with tariffs certified by the Copyright Board of Canada. There are now over 20 different tariffs that correspond to different ways you can use music.

Re:Sound is the Canadian not-for-profit music licensing company dedicated to obtaining fair compensation for artists and record companies for the broadcast and public performance of their work. They advocate for music creators, educate music users, licence businesses and distribute royalties to creators — all to help build a thriving and sustainable music industry in Canada.

The difference between both organizations: Re:Sound represents the rights of artists and record companies (the people who created sound recordings) while SOCAN (Society of Composers, Authors and Music Publishers of Canada) does the same for composers and music publishers (the people who created the compositions that are embedded in those sound recordings).

Unless previously agreed by the Club management, all equipment (AV, sound instruments, etc.) must be removed immediately following the event. There will be an additional charge of \$20.00/hour for every hour past 2:00 a.m. that the entertainment takes to depart.

Non-Responsibility:

Summerlea Golf and Country Club is not responsible in any way for any item left on the club premises by the client, guest, or by a company hired by the client. This includes any item rented by the client.

Sponsor:

The sponsor is liable for any misconduct and damages incurred by your guests. The sponsor is also responsible for payment of your account if it becomes overdue.

Lodging:

The following hotels are located close to the club: Château Vaudreuil (Highway 40), Holiday Inn Express (highway 40), Holiday Inn (Pointe Claire), Hilton (Dorval) and many more.

We are looking forward to meeting with you to discuss all the necessary arrangements, and to suggest any options that will render your event remarkable.
